PV-ite Named Manager of Monsanto Chemical Facility

The Manufacturing Division of Monsanto Industrial Chemicals Company, an operating unit of Monsanto Company, announces the appointment of Fred L. Thompson as plant manager of its Everett, Mass., facility.

Mr. Thompson was most recently general superintendent for manufacturing and services at the Chocolate Bayou plant in Alvin, Texas, for Monsanto Chemical Intermediates Company.

Since joining Monsanto in 1969, Mr. Thompson was held various positions within the engineering and manufacturing functions. A native of Sealy, Texas, he received his B. S. degree in mechanical engineering from Prairie View A&M University in 1966 and his M. S. degree in engineering management from the University of Missouri-Rolla in 1974.

Monsanto's Everett plant

Fred L. Thompson

manufactures a wide range of products, including water treatment chemicals, surface active agents, plasticizers and paper chemicals.

How To Launch A Career

Speakers From Business- Industry to Address Jrs.-Srs.

Are you a junior or senior considering a career in law, international affairs, labor relations, engineering, business, accounting, sales, marketing, advertising, or telecommunications? If so, Frank E. Melton, President of the Broadcast Division of Buford Television, Charles Irving, a Texas labor attorney; Ron Brown, a telecommunications sales representative; Gregory Redmond, an international tax manager, and Elaine Turner, a crude oil analyst, along with approximately 50 other business-industry speakers can provide effective job experience information to help you have the competitive edge as you launch your career plans prior to graduation.

Juniors and seniors will have the opportunity to interact with these speakers as part of

motivational classroom visits scheduled for Monday, January 25th and Tuesday, January 26, 1982. The Division of Career Education and Placement along with prairie view's Business/Industry Cluster Program specifically targeted this activity prior to second semester scheduled job interviews.

The speakers, many of whom actually conduct interviews which screen and hire job applicants, will emphasize the following:

- effective job interviewing techniques
- the mechanics of successful preparation
- reality factors concerning work site visits
- what happens on the job
- employer and employee expectations

Ministers to Discuss

The Church in the Midst of Moral and Spiritual Decay

The 24th Annual Minister's Conference is scheduled to be held at Prairie View A&M on February 2-3, Reverend W. Van Johnson, Dean of Chapel and Conference Chairman, announced.

The theme of The Continuing Education Conference for Ministers is "The Church in the Midst of Moral and Spiritual Decay" Reverend Johnson stated also that the conference chairman for

1981-82 is The Reverend Robert Rowe, Munger Avenue Baptist Church, Dallas.

Visiting speakers for the conference include the Reverend William J. Shaw, White Rock Baptist Church, Philadelphia, PA; The Reverend Harold Edwards, Church of the Living God, Memphis, TN; The Reverend J. R. Bryant, Bethel A.M.E. Church, Baltimore; The Reverend Bernard Yates, Mt. Lebonson Primitive Baptist Church, Waxahatchie, TX. and the Reverend S. P. Nesbitt, Temple Church of God in Christ, Jacksonville, FL.

Conference registration will be held from 7:00 to 9:45 a.m. Tuesday, February 2 in the Memorial Center Lobby.

PV Faculty, Staff Consider Ways of Achieving Institutional Quality

Criminal Justice Grant Received For Student Aid

The Department of Social Work and Sociology for the sixth year in succession has received student stipends through the Texas Statewide Corrections Internship Program.

The stipends are for students' majoring in Social Work with concentration in Criminal Justice or Juvenile Justice. The intent of the stipends is to help students to defray the costs involved in field placement.

To apply for a stipend Social Work student who anticipate going to the field in the Spring or Summer Semesters of 1982 should contact Mr. Andrew B. Malveaux in the Department of Social Work and Sociology.

Zetas Set Dedication Program

The Zeta Phi Beta Sorority Inc., will celebrate their annual dedications service on Sunday, January 17, 1982. The worship service will be shared with Mt. Corinth Baptist Church.

All Sorors are urged to attend this event.

Honor Students — W. R. Banks Library/LRC. Left to right: Everett Clayton, Trena Hendricks, Felicia Chevis, Terrell Edwards, Traci Gamble, Michael Love, and Frankie Small not shown.

Special Program featuring student assistants of W. R. Banks Library/LRC. LaWanda Daniels captivates the audience in song.

Ernestine Law, Assistant, Serials Department and Sherlyn Swanson, Assistant, Circulation Department took top honors at Waller County Fair, September 1981, for macrame, crochet, and pine cone crafts.

Staff Management Effectiveness Is Goal of Annual Conference

Speaker Discusses Role of Blacks With Future

By Jack Weeks

The historically Black colleges are left over from segregation and are still teaching their graduates to join Black America.

By the year 2000, Spanish speaking people in this country will replace the Black as the leading minority, and "there isn't much room at the bottom."

There is a great need for in-depths studies of Black racism against Blacks, and Black crime against Blacks.

Federal funds in grants and other monies aiding higher educational institutions have been severely cut, and President Reagan tells the academic world to look to the private sector.

Help is there, but of the \$160 billion earned by private enterprise last year, only one percent went to the Black Community.

So says Dr. Claude A. Mayberry, director with the Department of Education, Washington, D. C., who spoke to a packed house of professors at Prairie View

A&M University at their annual Faculty, Staff and Student Renewal Conference last week.

"We are too late with this generation, but not for our children, so we must begin planning a concept, then put it into action," Dr. Mayberry continued. "As in all colleges and universities, the faculty shapes curriculum and recruiting is measured in terms of that faculty and the prestige they create by research and other things of note."

Dr. Mayberry pointed out that a few short year ago, 70 percent of all Black college students were enrolled in Black universities. That ratio has dropped to 25 percent.

"The reason for the drop is simply that Black students are still enrolling in colleges and universities, but they are seeking a white college degree that is more marketable," he added. "To sustain Black colleges, we must have more black students."

Dr. Mayberry is a graduate of Purdue with a masters in physics, a Ph.D. in mathemat-

ics from Columbia, and has served on faculties at Purdue, University of Pennsylvania, and Colgate. He has had two books published, and 20 articles in various publications.

The five-day conference, which closed Friday, is Prairie View A&M University's way of looking at itself, considering every phase of higher education, present and future.

The theme this year was "Strengthening and Enhancing Institutional Quality through Faculty and Staff Management Effectiveness."

Career —

CONTINUED from Page 1

—current employment trends and the protocol of dress

—follow-up communications

—job acceptances and refusals

All of the participants will be volunteers from various companies and agencies, some will be Prairie View graduates. They are well aware of what companies look for in new employees, current employment needs and projections, what the hiring policies and procedures are, what a good resume should reflect, as well as pre and post interview do's and don't's, which add or detract from a person's changes of being hired.

These campus consultants will serve as career mentors to

help juniors and senior gain first hand knowledge about the world of work. It is anticipated that students involved in these programs will obtain valuable "Training to Launch a

Career." (This is also the name of the program which will provide important information for those students currently involved in the job seeking process.)

We Have
Challenging
Positions
For Dedicated
Professionals

You may not think of Amoco as one of the nation's leading petroleum companies, but it's true. Amoco companies, subsidiaries of Standard Oil Company of Indiana, are all growing steadily, and that means we have career opportunities for Engineering graduates. Positions are available with the following Amoco companies:

Amoco Production Company

- Became the top crude oil producer in Texas in 1980 and ranks fourth nationwide
- Is among the Nation's top three gas producers
- Has opportunities for Petroleum, Mechanical and Chemical Engineers as well as other engineering disciplines

Amoco Oil Company

- Is involved in refining and marketing
- Maintains one of the country's most extensive distribution systems
- Is seeking Mechanical, Chemical and Civil Engineers

Amoco Chemicals Corporation

- Conducts the petrochemical business of parent company
- Is one of the 10 largest petrochemical companies in the U.S.
- Opportunities for Mechanical and Chemical Engineers

When you become part of Amoco, you will receive an outstanding starting salary and benefits that rank among the best in the oil industry. In addition, our excellent training program, consisting of seminars and on-the-job training will assure that you'll become an active and vital staff member from the start.

Check with your placement office for more information.

Career Education and Placement Center

JANUARY, 1982 RECRUITMENT SCHEDULE

The Career Education and Placement Center announces its JANUARY, 1982 RECRUITMENT SCHEDULE.

As the fall semester ends, The Career Education and Placement Center would like to extend an invitation to all students to register with the Center for the Spring Semester.

Beginning January, 1982, numerous recruiters will be on campus to interview Prairie View "students."

If you have not registered with the Placement Center, we invite you to come to Room 106, Anderson Hall, to pick up a Registration Kit.

Below is the list of companies that will recruit on campus during the month of January, 1982. Plan to take advantage of these opportunities. Remember, its your future.

Company/University	Discipline	Date of Interview
Bonneville Power Administration	Engineering	1-25-82
Southern Railway System	BS or MS Degree Civil Electrical, Mechanical Eng.	1-26-82
Dow Chemical USA	BS Degree Electrical, Mechanical Engineering and Chemistry	1-26-82
*M. W. Kellogg Company		1-26-82
*Texaco, Inc.		1-26-82
*Phillips Petroleum Co.		1-26-82
*Ortho Pharmaceutical Corp.		1-27-82
*Ortho Pharmaceutical Corp.		1-27-82
*Texaco, Inc.		1-27-82
*Phillips Petroleum Co.		1-27-82
CG/Aetna Insurance Co.	Business Admin., Management, Economics, Math, Marketing, Liberal Arts	1-27-82

*Naval Air Development Enter		1-27-82
*Mobil Oil Corp.		1-27-82
Weyerhaeuser Co.	ME, EE	1-27-82
Weyerhaeuser Co.	ME, EE	1-28-82
*Amoco Production Co.		1-28-82
Gulf Oil Corp.	EE, ME, CE	1-28-82
Gilbert/Commonwealth	ME, EE, CHE	1-28-82
*Arkansas Power & Light Co.		1-28-82
Philadelphia Electric Co.	EE, ME, CHE	1-28-82
Anheuser-Busch Companies	EE, ME, Industrial Engineers	1-28-82
*Colgate-Palmolive Co.		1-28-82
Xerox Corporation	EE, Computer Science	1-29-82
U. S. Air Force	All degree areas for flight positions. For non-flying positions only	1-29-82
	EE, ME, CE, and other engineering disciplines	1-29-82

Atlanta University School of Business
Any interested in MBA
*For those disciplines not listed, please check with the Placement Center for further information.

The Purpose of the All-Faiths Chapel

In the spring 1981 issue of the Journal of Ministries to Blacks in High Education, Dr. Lawrence Edward Carter published an article on the purpose of the chapel on a college campus. As we look to the day that Prairie View will have its All-faith Chapel. I thought it would be appropriate for us to think on some of the things Dr. Carter says about the chapel.

The chapel speaks to the college; it does not speak for the college.

Because colleges shape the value commitments of students, citizens and community leaders, they have an ideological responsibility.

The ministry of the chapel concerns itself with the intellectual life of the college, because that is the college's chief business. The chapel continually asks the university center what it means by being a university; what values does it hold which make it cohere and hang together?

The chapel calls attention to the common root of the words "university" and "universe"; and suggests that whatever it is that gives unity to the universe may be the final unity of the university. This constitutes a religious question, and no self-conscious college that reflects seriously on its own purpose can avoid this ultimate query.

The chapel reminds the college that truth is found in many forms: in behavior, in books, in experiments, in people, and in propositions that can be verified, not short of ultimate ideals. The college is thereby called to an appropriate humility. Humility results when the love of God is institutionalized in a "learning society." Such academics are likely to be more humble than a mere "learned society." We

must all aspire to be students of the ultimate teacher.

The chapel also reminds the college that it is engaged in a fundamental work, the work of thinking. In a time when the academic community is torn by contradictory demands, confusion about its identity, alternate lifestyles among its faculty and students, and electronic and human idolatries, it behooves the chapel to remind the college that thinking is an absolutely indispensable element. Moral thinking is a means by which intelligent men praise God, love their neighbors, and administer justice. The neighbor is loved when his rights are protected, his diseases healed, when a wise teacher stirs his mind and opens to him the wonders of everything true. Thinking is the work committed to the college and the chapel. Scripture tells us that we should "love the Lord our God with all thy heart, soul, mind, and strength."

The Chapel is ecumenical; but its witness is not a fragmented Christianity. Neither is it the "blind leading the blind." It is rooted in Jesus Christ. It is interdenominational, interracial, and international. The focus is on spiritual unity and not on religious uniformity.

It is a further mission of the chapel to the college to do considerable counseling, person-to-person and person-to-group, responding to the multitude of human needs. It's people seek out faculty and students to raise with them significant issues of modern life. Whether "new men"

The Chapel is ecumenical; but its witness is not a fragmented Christianity. Neither is it the "blind leading the blind." It is rooted in Jesus Christ. It is interdenominational, interracial, and international. The focus is on spiritual unity and not on religious uniformity.

It is a further mission of the chapel to the college to do considerable counseling, person-to-person and person-to-group, responding to the multitude of human needs. It's people seek out faculty and students to raise with them significant issues of modern life. Whether "new men"

must all aspire to be students of the ultimate teacher.

The chapel also reminds the college that it is engaged in a fundamental work, the work of thinking. In a time when the academic community is torn by contradictory demands, confusion about its identity, alternate lifestyles among its faculty and students, and electronic and human idolatries, it behooves the chapel to remind the college that thinking is an absolutely indispensable element. Moral thinking is a means by which intelligent men praise God, love their neighbors, and administer justice. The neighbor is loved when his rights are protected, his diseases healed, when a wise teacher stirs his mind and opens to him the wonders of everything true. Thinking is the work committed to the college and the chapel. Scripture tells us that we should "love the Lord our God with all thy heart, soul, mind, and strength."

The Chapel is ecumenical; but its witness is not a fragmented Christianity. Neither is it the "blind leading the blind." It is rooted in Jesus Christ. It is interdenominational, interracial, and international. The focus is on spiritual unity and not on religious uniformity.

It is a further mission of the chapel to the college to do considerable counseling, person-to-person and person-to-group, responding to the multitude of human needs. It's people seek out faculty and students to raise with them significant issues of modern life. Whether "new men"

must all aspire to be students of the ultimate teacher.

"Just 3 years as a DuPont ME, and I have 27 people reporting to me."

Edrice Malveaux, BS, Mechanical Engineering

"DuPont offered me a job with responsibility right from the beginning. I graduated from Lamar and there I was—a technical engineer designing and trouble-shooting for DuPont."

"In less than a year, I was promoted to project engineer and made responsible for developing the production process for a new polymer product. It sure was a challenge. But we were able to get the process on-stream ahead of schedule."

"Now I'm a production supervisor responsible for a staff of 27 and the production of over two million pounds of product a week."

"My career at DuPont has given me variety and a real chance to grow. Right now I'm working to get my Professional Engineer's certificate and plan to go on to get my MBA."

If you want to make full use of your talents—whether you're an ME, ChE, or EE—talk to our representative when he's on campus. Or write: DuPont Company, Room 38547, Wilmington, DE 19898.

At DuPont...there's a world of things you can do something about.

Zeta Phi Beta Sorority's Christmas Party

The Sorors of Epsilon Lambda Zeta and Omega Gamma Chapters of Zeta Phi Beta Sorority celebrated the Yuletide season with a joint Christmas Party on Monday night, December 14, 1981. The party was held in the home of Soror Ora Thompson, at #10 Keyette Street, Prairie View, Texas.

The party began immediately after a business meeting, which was held by the Epsilon Lambda Zeta Chapter. Approximately, thirty-eight (38) Sorors attended and participated in the festivities. The entertainment area was colorfully decorated, the tree-lights twinkled and a large candle blinked its light through the window. Christmas carols were sung by the group, with organ accompaniment furnished by Soror Earline Thomas. This gala mood continued as the party progressed.

The food for the entertainment was furnished by the Sorors, who each had brought a covered dish. The food was arranged on the table and was

served buffet style. At the head of the table was a beautifully decorated cake, which had been brought by Soror Vivian Neal, Basileus. The cake was decorated with a white background and trimmed with blue — the Zeta Colors, with "Zeta" spelled out atop the cake. After the Sorors had feasted to their hearts' delight, we all gathered in the livingroom to be near the Christmas tree.

Members of Omega Gamma played the part of Santa Claus, and distributed individual exchange gifts to the Sorors.

The fellowship and sisterly spirit manifested was magnificent, and the party was a great success.

Reading Program Operating From LRC Grants

The College of Education is pleased to announce that a comprehensive reading program has been launched at the University. The goal of the program is to improve the basic skills in reading of 500 freshman students in the areas of rate, comprehension, and vocabulary. The program will begin on October 1, 1981, and end on August 31, 1982.

The program is located in the Learning Resources Center of the W. R. Banks Library. The reading lab is in operation Monday through Thursday from 9:00 a.m. — 8:00 p.m. and on Friday 8:00 — 5:00 p.m.

Participants for the program

will be recruited from the departments of Education, Engineering, Nursing, Army ROTC, and Naval Science. We are urging students from the above departments to enroll in this unique program. The program will help students develop good basic skills in reading, and it will further their academic success now and in the future.

Program Staff: Mrs. Lois King, Director, AIDP Comprehensive Reading Program; Miss Maureen Palmer, Graduate Assistant; Mrs. Carolyn Plemper, Graduate Assistant; Miss Renita Price, Secretary.

What About Peer Pressure?

By Matthew A. Castille

Some of us cannot help being taken a-back when we learn that something has taken place on campus that shouldn't. Vandalism and the destruction of property here seem never to cease. Well, at some of the small private colleges and universities, there is something called, "peer pressure." That is, when other students see their classmates, roommates or others doing things that they have no business doing, they report it to the authorities. This might be one way of making the campus here a more pleasant place to work and study. At worst, it should be worthy of consideration. What do you think?

International Programs Committee Appointed

President A. I. Thomas announced this week that he has appointed an International Programs Committee to work with The Texas Consortium for International Studies. The University is a participant in the state-wide consortium.

The purpose of The Committee, which is headed by Dr. Clarissa Booker, Chairman and Mrs. Mamie McCloud, co-chairman, is to

conduct programs dealing with international affairs through the year for Prairie View A&M students.

Other members of the Committee include, Marilyn Douglas, Farquema Sirleat, Maureen Palmer, Diana Harris, and Chris Ferguson.

Visiting Artist Lectures

Dr. Lee A. Ransaw, Artist and Chairman of the Department of Art at Morris Brown College, Atlanta, Georgia, presented a lecture in the Art Department, College of Industrial Education and Technology.

Dr. Willie Hooker was in charge of the program.

Negroes is more than his particular vocation. The teacher is a preacher, the physician teaches and preaches. Thousands of questions bearing not at all on their business are put to these men and women, and on their answers depend the weal and woe of a community. A Negro may specialize, but he must know many things. First, for he is a leader. How to vote, how to invest money, give an explanation of original sin, prescribe a remedy for consumption, are questions that may be put to any Negro who lays claim to knowledge; and if he cannot answer, who can?"

SUPPORT THE PANTHERS

STEP OUT WITH NUMBER #1

When you're out in front, you have to run a little faster than the rest. It takes aggressive and career-oriented individuals to keep Anheuser-Busch on top.

If you're looking for the opportunity to run out in front, talk with our recruiter when they come to your campus on **Thursday, January 28, 1982.**

CENTRAL ENGINEERING

B.S.M.E. - M.E.'s will gain experience in such diverse fields as material handling, equipment layout, piping system development, steam generation, compressed air systems, ventilation, heating and air conditioning, and high-speed bottle and can packaging. B.S.E.E. - E.E.'s can expect to be working in such areas as electrical machine design and applications, power distribution, sub-station layout as well as industrial and commercial lighting, electrical control circuits, and systems control. These positions are project oriented and allow you the opportunity to work on a project from conception to completion.

CORPORATE MANAGEMENT TRAINING PROGRAM

Opportunities exist in our Corporate Management Training Program for individuals with leadership ability and Engineering degrees. Under this one-year program, college graduates are exposed to all aspects of Anheuser-Busch Companies functions and management. Time is spent in a "home" department, as well as in staff and line organizations to learn through observation and on-the-job practice. At the end of the year-long course, trainees are assigned to a management or professional position.

The Corporate Management Training Program includes classroom instruction in management techniques, but emphasizes on-the-job training. During the course of the program, trainees are evaluated through their own written reports, individual conferences and supervisory performance evaluations.

Start with the best, step out with Anheuser-Busch. For more information and sign-up, contact your placement office. **ANHEUSER-BUSCH COMPANIES: Corporate Employment; College Recruiting; One Busch Place; St. Louis, Missouri 63118. An Equal Opportunity Employer M/F.**
